Re: Replacement Page for Response to deficiency letter, Notice of Intention to
Commence Small Mining Operations, Whirlwind Mine, S/019/0065, Grand
County, Utah

Dear Ms. White:

Energy Fuels Resources Corporation (Energy Fuels) sent a response to your deficiency letter on January 3, 2008. We stated that the business entity number was correct, but the listing as a DBA was not. The previous entity number for "Energy Fuels Resources" as a DBA was cancelled during the conversion process to a corporation and a new entity number was created for "Energy Fuels Resources Corporation". This new entity number was not reflected on the revised Small Mine NOI Application we sent on January 3, 2007. Please find the attached replacement Page 1 of the Notice of Intention to Conduct Small Mining Operations application form.

Please feel free to call or e-mail me (303-974-2151, zrogers@energyfuels.com) with any questions or concerns you may have.

Sincerely,

Zach Rogers
Environmental Engineer
